### SBM BANK (MAURITIUS) LTD

SBM Bank (Mauritius) Ltd ('the Bank') is pleased to present its abridged interim unaudited condensed financial statements for the guarter ended 31 March 2024.

The interim unaudited condensed financial statements have been prepared in accordance with the Bank of Mauritius Guideline on Public Disclosure of Information and IAS 34 - Interim Financial Reporting and based on the accounting policies adopted in the audited financial statements for the year ended 31 December 2023, except for the adoption of all the new standards and interpretations which are effective as from 01 January 2024.

### **Operating Results**

The Bank achieved a higher net profit of MUR 1.3 billion for the quarter ended 31 March 2024 (Q1 2024) compared to MUR 1.1 billion for the quarter ended 31 March 2023 (Q1 2023). This improved performance is mainly attributable to higher net interest income and a lower impairment charge for the current quarter compared to the same quarter of last year.

Net interest income grew by MUR 281.1 million and stood at MUR 2,232.4 million for Q1 2024 compared to MUR 1,951.3 million for Q1 2023. Interest income from loans and advances to non-bank customers recorded an increase of MUR 114.7 million, while interest income from investment securities went up by MUR 383.7 million. Interest expense moved up to reach MUR 1,288.8 million compared to MUR 997.1 million for Q1 2023. Impairment charge was lower by MUR 345.3 million and amounted to MUR 54.0 million for Q1 2024 compared to MUR 399.3 million for Q1 2023.

The Bank recorded a higher operating income of MUR 2,872.7 million for Q1 2024, against MUR 2,730.6 million for Q1 2023. The other contributor to the increase in operating income is higher net fee and commission income which witnessed a growth of 15.2%, from MUR 318.4 million for Q1 2023 to MUR 366.8 million for Q1 2024. However, a decrease was noted in other income mainly in net trading income due to a decrease in fair value movements on debt securities held for trading.

On the non-interest expense side, an overall increase of MUR 108.8 million was noted for Q1 2024, from MUR 1,121.6 million for Q1 2023 to MUR 1,230.4 million for Q1 2024. The Bank continues to invest in its human capital, with personnel expenses standing at MUR 632.7 million for Q1 2024, representing an increase of MUR 77.8 million compared to Q1 2023.

The Bank's total assets moved further up to reach MUR 283.3 billion as at 31 March 2024 from MUR 281.1 billion as at 31 December 2023, supported mainly by a major increase in the investment securities portfolio, which stood at MUR 131.0 billion compared to MUR 125.4 billion as at 31 December 2023. However, net loans and advances to non-bank customers decreased by merely MUR 295.4 million to stand at MUR 111.8 billion as at 31 March 2024. The gross impaired ratio improved from 5.2% as at 31 December 2023 to 4.3% as at 31 March 2024. Deposits from non-bank customers stood at MUR 244.0 billion as at 31 March 2024 compared to MUR 239.2 billion as at 31 December 2023.

### **Capital**

The Bank comfortably met the regulatory capital requirements for Domestic-Systemically Important Banks. Shareholder's equity increased slightly to MUR 25.9 billion as at 31 March 2024 compared to MUR 25.7 billion as at 31 December 2023 after taking into account a dividend payment of MUR 1 billion. With a Tier 1 capital of MUR 22.6 billion, the Tier 1 capital to risk weighted assets ratio moved to 17.9%, while the Capital Adequacy Ratio (CAR) stood at 19.4%. Return on average equity for the quarter ended 31 March 2024 improved to 20.5% compared to 19.5% for the financial year 2023.

#### **Outlook**

As per the IMF in its latest World Economic Outlook report, the global economy remains remarkably resilient in the wake of key challenges faced, with steady growth expected in the near term. In Mauritius, real GDP growth, which stood at an estimated 7.0% last year, is set to pursue its encouraging momentum in 2024, in view of favourable performances by key sectors and rising investment levels.

While capitalising on growth opportunities domestically, the Bank will maintain its prudent approach when diversifying its market footprint and revenue streams. Towards those ends, the Bank will further strengthen its capabilities in terms of people, process and technology. It will aim at further enriching the quality of customer experiences, alongside delivering innovative digital solutions.

Overall, as it positions itself at the forefront of the financial services industry, the Bank will continue to support the sound and sustained socio-economic progress of Mauritius.
